

# It's time to improve your lung health to help you breathe easier.

**When you quit tobacco**, good things start to happen. Your lungs begin to heal and you regain your sense of taste and smell. Best of all, your risk for heart disease, stroke and lung cancer may be dramatically reduced, which may lead to an average life expectancy that is 10 years longer than if you had kept smoking.<sup>1</sup>

**Quit For Life®** is a clinically proven program that offers a customized quit plan, 24/7 personal support and strategic tools to help you manage cravings.

## DID YOU KNOW?

You pay  
**\$0**

because Quit For Life is a **\$0-cost program** as part of your health plan benefits.

**Act now to start enjoying better health for years to come.**
